Find a Furry Best Friend!
Friends for Life Animal Rescue
Meet animal adoptees, "pup walked" by local cops, at the Gilbert Farmers Market.
Adopt with a cop!

WEAR A MASK
WASH YOUR HANDS OFTEN
KEEP YOUR DISTANCE

"Want to go for a walk?" Say that out loud with a dog in earshot, and prepare for a tail that wags the dog. But really, you should be the one who's scrambling for the door. Taking regular walks can lower blood pressure, regulate blood sugar, improve balance, and help manage joint pain. Oh, and it will boost your happiness, too. It's like your dog is giving you treats for taking her out!

And Gilbert has wonderful places for "walkies": This town was built with healthy dogs and happy owners in mind. Leash up your favorite pet companion and see Gilbert's parks, wildlife preserves, multi-use paths, dog runs, and brewpubs through your dog's eyes. Bring (or buy) treats: Your walking partner has earned them!
